Statement of Purpose

Name of Applicant: SELMANI NAOUFAL
Family Name (Surname) First Name (Given Name) Middle Name
Nationality: MOROCCAN

This statement is an important part of your application for admission. Please state why you want to come to Korea and learn Korean. If and when you become proficient in Korean, what field do you wish to pursue? Briefly comment on how your past experience has prepared you for this program. Briefly describe your occupational or professional plans. Please limit your statement to about 200 words.

I liked Korea and Korean language since a long time. I'm really interested in learning new things and travel to places I have never been before. Korea was the best destination for me to learn about many interesting things, although it's so far from my country, I decided to come to Korea in March, 2008. And in April, I took a beginner course at Ewha Womans University for 10 weeks, I enjoyed my stay there and learned more about the Korean language and Korean culture. But my Korean ability is still poor due to the fact that I don't speak much Korean as I am supposed to be. There is no better and more effective way to learn a language than to be immersed in a culture that speaks the language you are learning. You're surrounded by the language on a daily basis and are hearing it the proper cultural context. That's why I would like to study at Gyeongsang University because they are offering a long term course and especially because they are offering a dormitory with room shared with a Korean student, therefore I can practice my Korean everyday. Also the facilities that the university offers to foreign students. After being proficient in Korean, I would like to get a B.A in international Trade and Interpretation and Public Administration. Because I am interested in international trade and world affairs and Interpretation as I already speak many languages. Becoming an interpreter is one of my dreams.
